Our Mission

With the desire to remove all prejudices against other manufacturing companies of tin ceilings, where artistic harmony, unity of design, and quality of manufacturing were sacrificed or unknown, TCX has created a line of decorative ceiling and wall tiles which we trust will be appreciated by all lovers of superior building products.

Our tiles can be compared to Ornamental art and are varied in composition and style. Our designs combine artistic harmony, mechanical excellence, serviceability and are thoroughly characteristic of their respective periods. The dies used in their manufacture are of the highest quality.

We solicit your careful inspection of our products, whether they be in the steel finish, powder coated, or hand faux painted.

The increasing demand for metal ceiling and wall tiles and the wide range in which they are being successfully applied, is rapidly demonstrating their recognized position among the staple building products of today.

We shall be pleased to answer any questions you may have regarding our products or the installation of them as well. Our aim is to place metal ceilings as the number one choice for ceiling design

*Thank you
TCX*

Now All Cornices as well as all Ceiling Tiles are available in EVERY finish.

Unfinished Steel

Raw steel tiles are for the customer who wants to treat the tiles themselves. We recommend applying either paint or clear polyurethane/clear lacquer to prevent oxidation and or rusting.

Unfinished Steel

Clear Lacquer

Our Clear Lacquer coating will protect your new tin ceiling tiles while remaining practically invisible.

Clear Lacquer

Powder Coated*

Powder coating is the process of coating the tiles with a powder that is applied using electrostatic or compressed air. The tiles are then passed through an oven where the finish is "Baked On". This produces a smooth durable finish that is extremely resistant to scratches, cracking, peeling or rust. It is one of the most durable painting methods available.

Decorative Wall Mount Tiles

Decorative and functional artistic flourishes for home and business.

NEW from Tin Ceiling Xpress!

We are introducing a limited selection of gorgeous decorative tiles designed to enhance the walls of your home or business with beauty and functionality. We are making two of our most popular styles available with an exciting attribute that is unique to the industry: premium chalkboard slate centers, designed to frame and draw attention to the information written upon them. As these tiles are meant to be mounted on the wall, they also come with a timelessly beautiful frame. We are also offering a third style without the chalkboard center, but including the attractive frame. Order yours today!

Chalkboard Series

Our chalkboard series of decorative wall mount tiles features two of our most beloved styles: Cosmopolitan and Musical. Cosmopolitan is available in 3 finishes with a chalkboard center: Antique Steel Rust, Antique Cream, and Antique Copper Patina. Musical is available in Antique Steel Rust and Antique Cream. All finishes of both styles come with a stylish frame to enhance their presence on your walls.

What can you do with a wall-mounted chalkboard framed by a beautiful TCX finished pattern?
